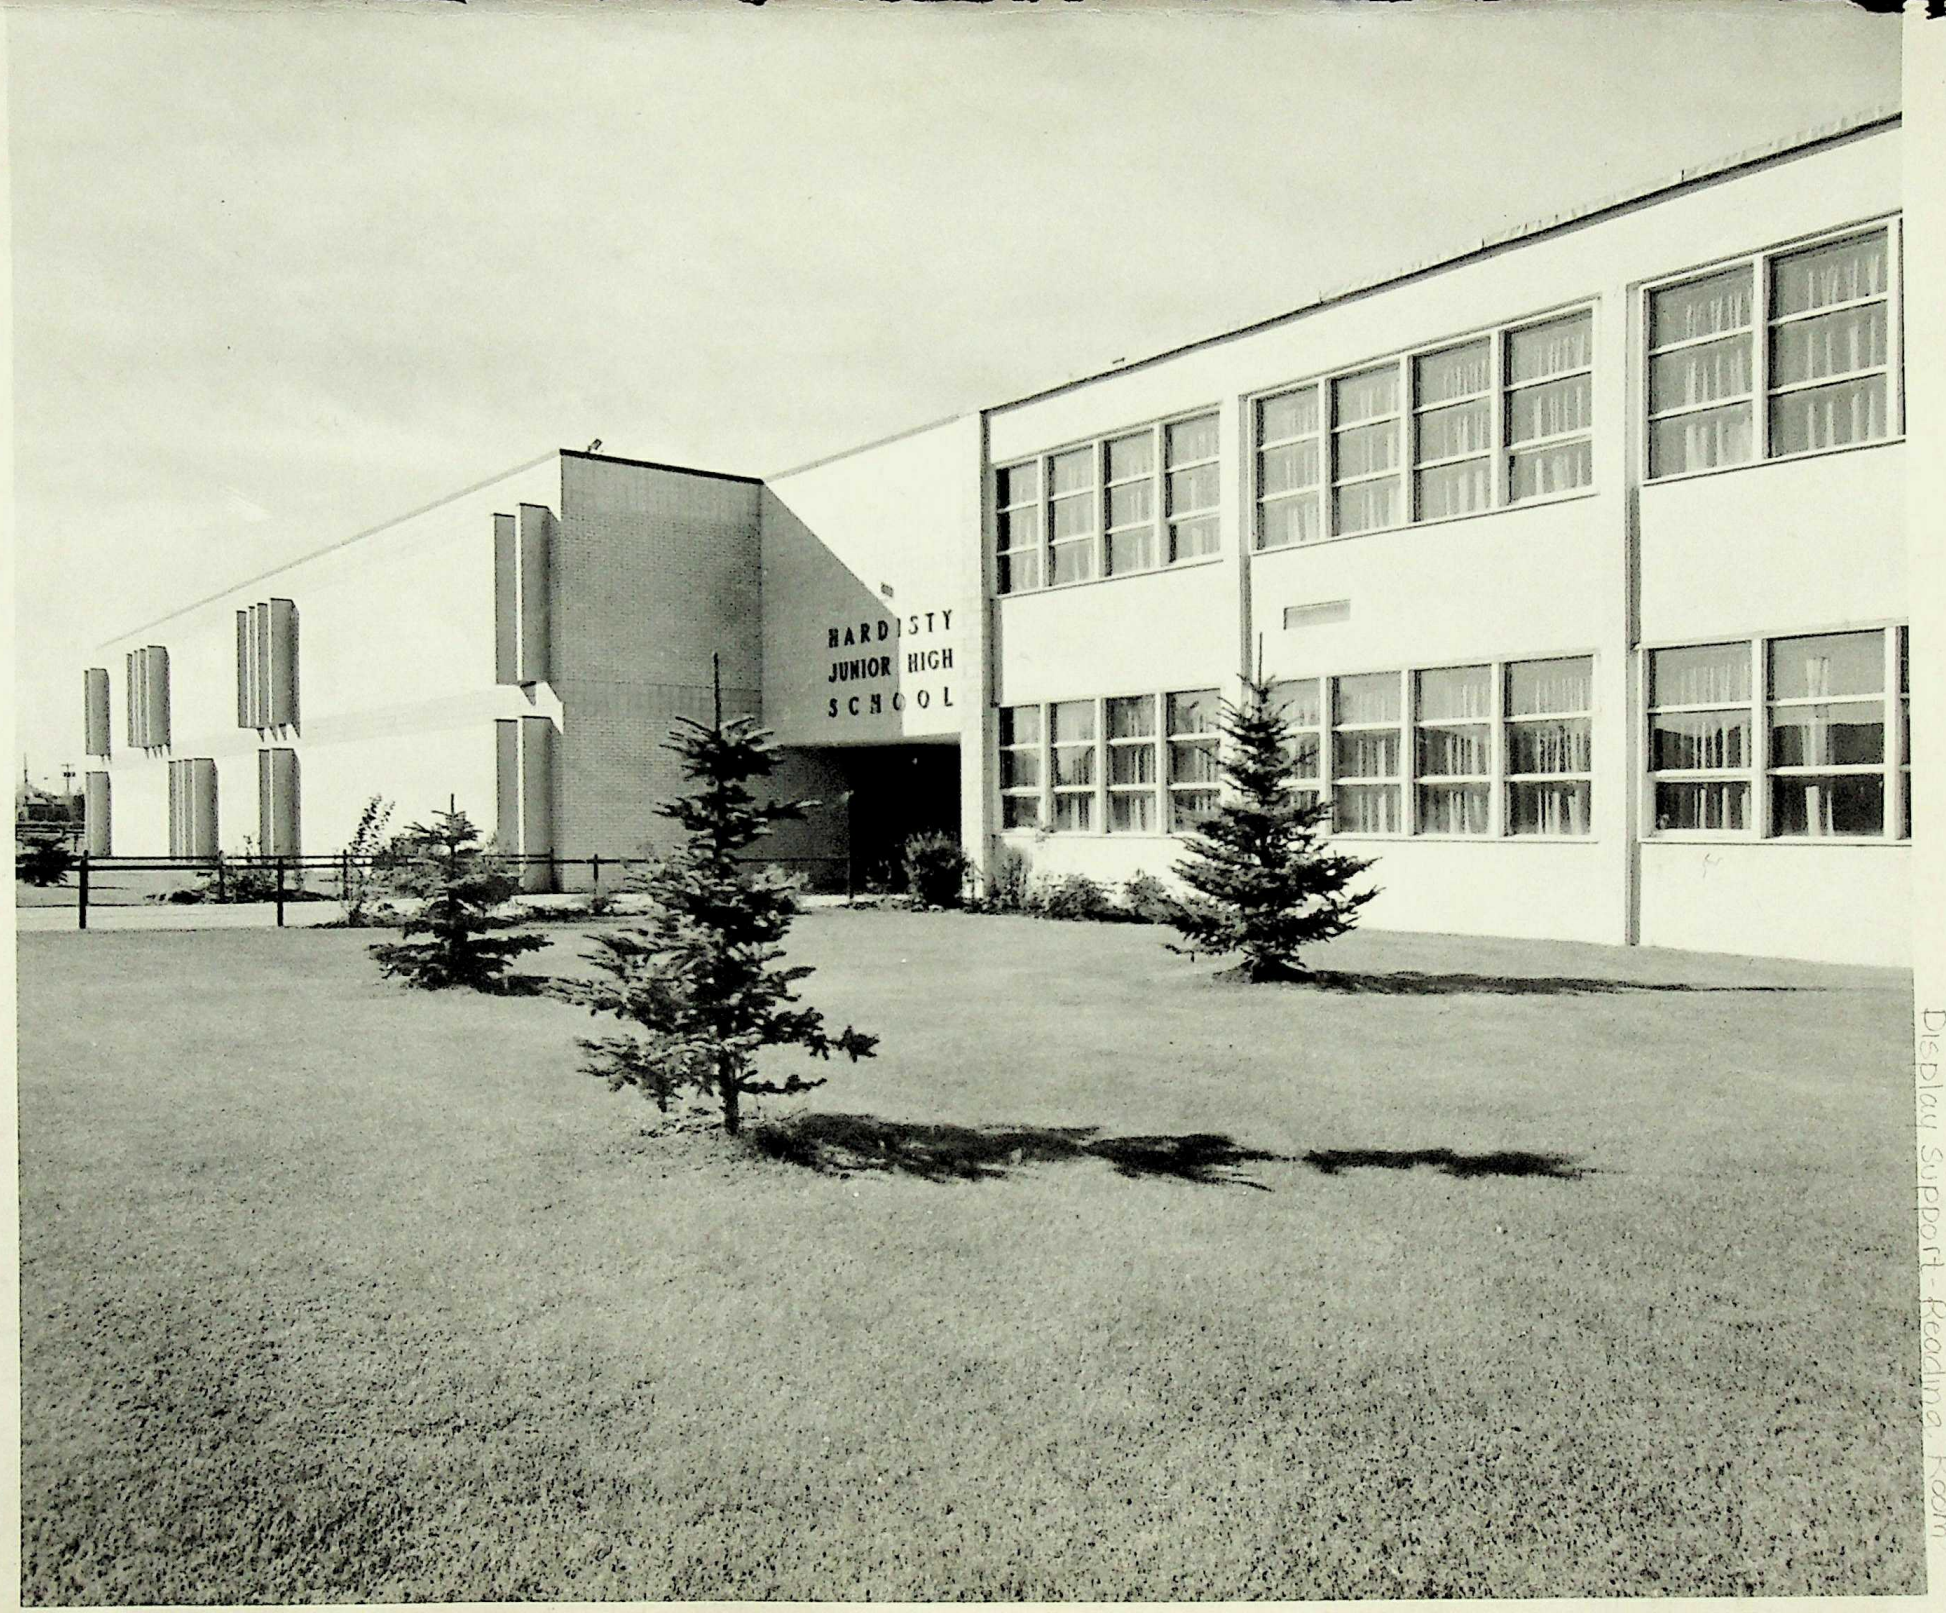
HARDISTY HORNET

1973



Display Support - Reading Room

ADMINISTRATORS

Mr. Jaques, B.Ed.
Assistant Principal

Mr. Hughes, B.Sc., B.Ed., M.Ed.
Principal

The theme of Education Week, 1973, was "Education Does Make a Difference". To those of you who are leaving Hardisty Junior High, we hope that your years at Hardisty have, indeed, made a difference in many ways.

The first concern of most of you, throughout your junior high school career, has been the continued growth and development of basic skills and knowledge begun in elementary school. This is as it should be. In your future roles, whether it be as producers and suppliers of goods and services or as users and consumers of these commodities, your satisfaction and your effectiveness as citizens will depend largely on a growing capacity to discriminate shrewdly and to judge soundly. Both skills and knowledge are essential if we are to meet these criteria for effective participation in the society of the future. The three R's, we believe, are more important than ever before; not a diminishing significance as some would infer. As a result of this conviction we have been concerned that you should leave Hardisty more knowledgeable and more skillful than when you came.

Of equal concern, however, has been your development as persons in other very important ways so that you can each enjoy a full and satisfying life. We hope that each of you has grown in your capacity to understand and respect the uniqueness of your own personality; to value human life; to have compassion and empathy for your fellow-man; to respect the right of others to be different; to be aware of the interdependence of man; to appreciate nature; and, to accept the responsibilities of citizenship along with the benefits.

If Hardisty has helped you begin to realize that the main ingredient of real happiness derives from doing and giving, rather than from being served and receiving, your time has been well spent and your future is bright.

To each of you I extend best wishes for success and happiness in all your future endeavors.

W. L. Hughes

STUDENTS' COUNCIL

Left to Right - Bill Wood, Audrey Haase, Mr. Cameron, Lisa Kostek, Brian Broda, Debbie Wright, Mr. Marshall, Jamie Stanley, Trevor Howard
In Front - Shirley Daly.

This year has been very eventful for us. First, we would like to thank everyone who participated in this year's activities - the people who helped at the dances, the teachers who made the activities possible, the students who simply attended and especially the secretaries who gave us a lot of assistance. There were good times such as eating the popcorn which Lisa Kostek obtained for us with such great difficulty, and there were bad times such as sweeping up ice cream after the dances. But whatever the case was, we are sure that everyone enjoyed himself at one time or another.

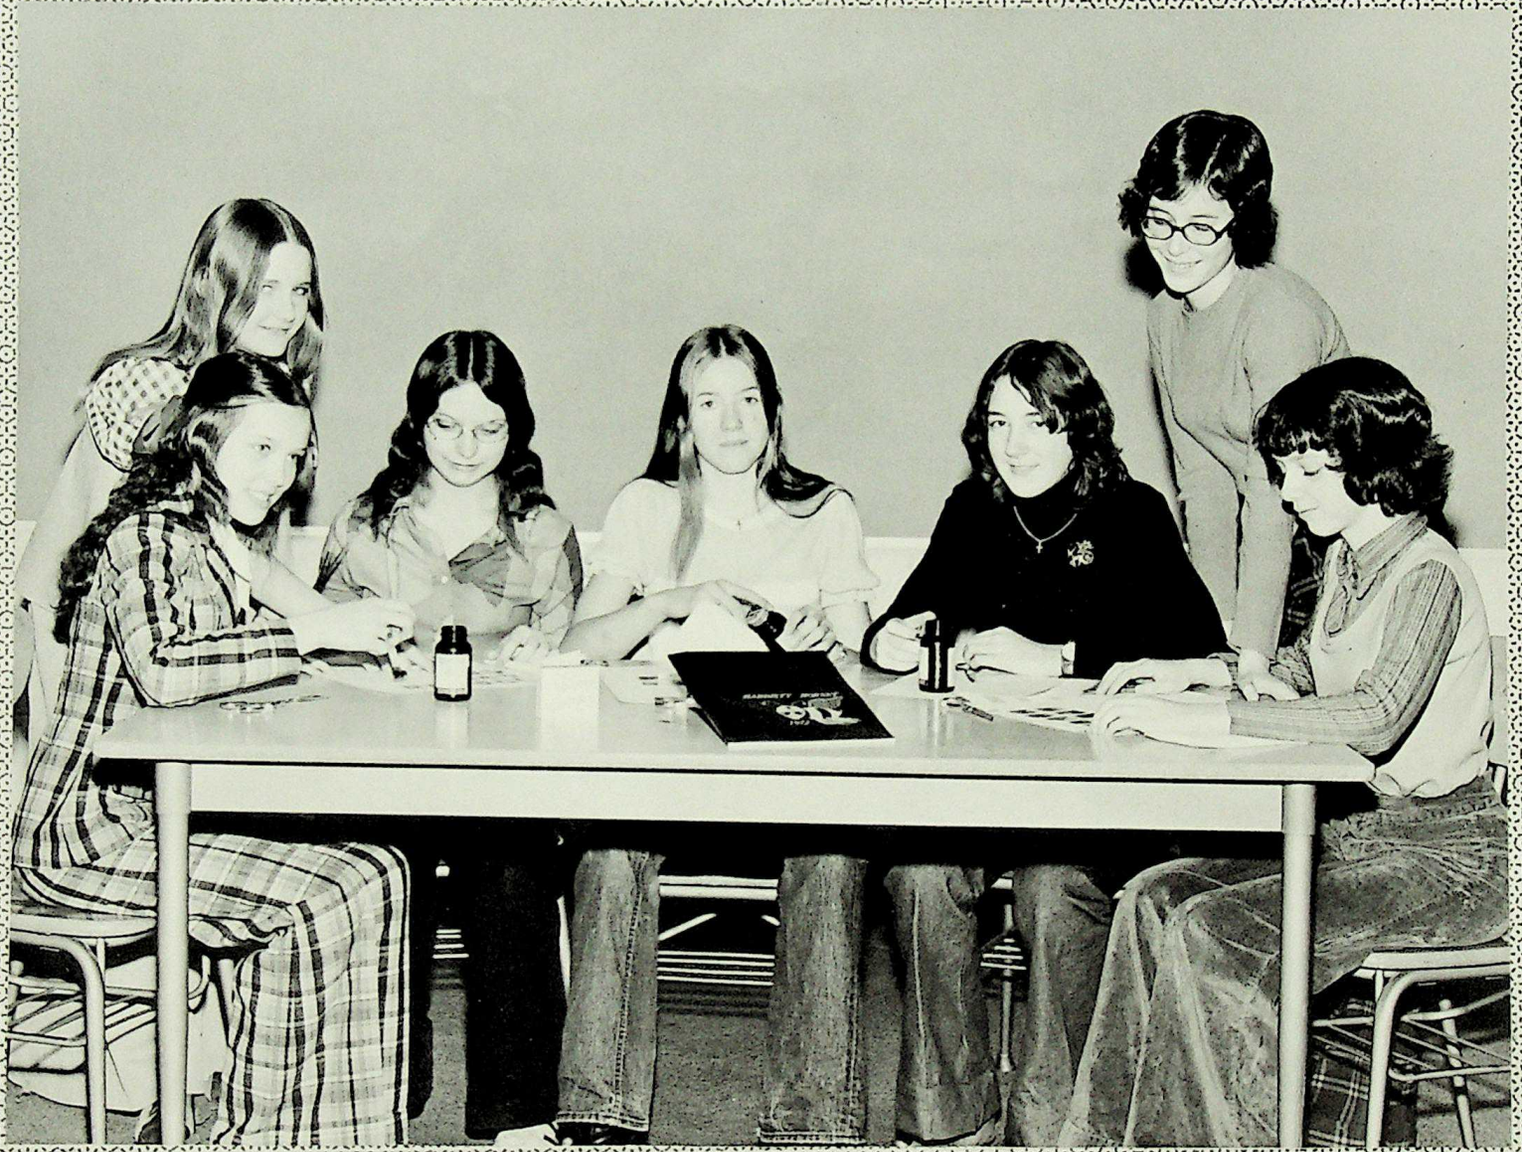
Grease Day was perhaps the most succesful event of the school year. Our thanks go to Debbie Wright who, with her announcements, got almost everyone to join in the festivities and to come to the sock hop.

As this is being written we are looking forward to the activities scheduled for the coming months, such as Hardisty's Birthday, Snow Fest and the Pancake Eating contest.

In closing we would like to thank Mr. Marshall, Mr. Purkess and Mr. Cameron for being so understanding.

Students' Council

YEARBOOK COMMITTEE



Left to Right - Cindy Benson, Cathy Shipka, Julie Necheff, Alison Burns, Penny Jones, Barbara Wieler, Ginger Longson.
